

# Ryan Lange

I am a recent graduate from UW- Green Bay. I am looking for a computer programming career. I enjoy coding and learning new languages. I have proficient skills in Java, Python, C, and similar languages. I am a very hard worker, and I look forward to finding a software engineer position.

## Education:

### **Bachelor's of Computer Science**

Software Engineer emphasis

University of Wisconsin-Green Bay

09/2017-12/2021

### **High School Diploma**

Ashwaubenon High School

Ashwaubenon, WI

09/2013-05/2017

## Work Experience:

### **Installation Crew Member**

06/2018 to 08/2021

Conserva Irrigation of Green Bay

Green Bay, Wisconsin

920-347-3932

I worked this heavily manual labor job for the last three summers while I attended college. The first summer I mainly dug holes, carried pipe, and filled trucks every morning. The next summer I was in charge of driving the machine that put pine into the ground. My third season I was co in charge of the installation crew and had many responsibilities. I needed to make sure the trucks

were filled, the installation was done at a high standard, and I was still in charge of driving the machine and putting the pipe into the ground. I also was in charge of training the new guys who were going to be replacing me when I left for the season.

### **Bar Stocker**

11/2016 to 03/2017

Ashwaubenon Bowling Alley

Ashwaubenon, Wisconsin

920-336-0400

I worked three to four times a week at the bowling alley stocking up to five bars at the same time. I was in charge of stocking alcohol, changing out kegs, filling ice coolers, and tending to the bartenders.

### **Skills:**

- C - 3 years
- Python - 1 year
